PROGRAM:

Linda Short joined us and gave a brief run down on Assisted Living and what it means. First of all, Senior Citizen status begins at age 50. And 83% of all people 75 years or older live in some sort of facility. Assisted living facilities offer a full range of services and are regulated by both state and federal agencies. There are two such facilities in Fort Smith, and they should not be confused with Independent Living Centers or Nursing Homes. The average cost for a resident is about \$2000.00 per month. When a resident's needs advance to the stage of being unable to feed themselves or move from bed to a chair, they will then be placed in a nursing home or other full care facility.

HUMOR:

One afternoon, a wealthy lawyer was riding in the back of his limousine when he saw two men eating grass by the road side. He ordered his driver to stop and he got out to investigate.

"Why are you eating grass?" he asked one man.

"We don't have any money for food." the poor man replied.

"Oh, come along with me then."

"But sir, I have a wife with two children!"

"Bring them along! And you, come with us too!" he said to the other man.

"But sir, I have a wife with six children!" the second man answered.

"Bring them as well!"

They all climbed into the car, which was no easy task, even for a car as large as the limo. Once underway, one of the poor fellows says, "Sir, you are too kind. Thank you for taking all of us with you."

The lawyer replied, "No problem, the grass at my home is about two feet tall!"
